## Open Ended Questions

1. Which aspects of this course were most valuable to your overall learning experience?

I found the second half  
of the semester  
more valuable & thought  
provoking. I liked learning about  
sexism & racism because they  
aren't talked about often in society.

2. Which aspects of this course would you suggest changing?

less reading. There are way  
too many articles.  
Many restate the same thing  
in different ways.

3. Please provide any other comments you think would be helpful.

There are not many  
extra credit opportunities

## Open Ended Questions

1. Which aspects of this course were most valuable to your overall learning experience?

The favorpoints the instructor made to go over the readings and give us more information. He wanted to make sure we really understood the material.

2. Which aspects of this course would you suggest changing?

Not as many readings it hard to keep everything clear and separate with so many. More writing assignments instead of tests + quizzes so that people can elaborate on material.

3. Please provide any other comments you think would be helpful.

Gokhan really was passionate about the course and always wanted us to feel involved and make sure we know what he was trying to teach.

## Open Ended Questions

1. Which aspects of this course were most valuable to your overall learning experience?

I enjoyed the "Application" & the large group discussion

2. Which aspects of this course would you suggest changing?

I enjoyed the course. I don't think anything should change.

3. Please provide any other comments you think would be helpful.

Gokhan was a great teacher. To him, I would just suggest that when trying to show the difference in meanings of words, use more than the allotted # of words. For example, if there are 3 definitions, give us 7 sentences.
